

HELP REBUILD BERRYLAND

APRIL 30TH, 2022

Founded in 2017, Berryland is an award-winning Ukrainian cidery, fruit winery and meadery located near Kyiv. Last month, Berryland was bombed beyond recognition by Russian troops.

Berryland's owner and cidemaker, Vitalli, is committed to rebuilding. To support Vitalli, cideries across the US will designate a percentage of their proceeds on April 30th to a direct fund for rebuilding Berryland.

The American Cider Association is coordinating this day of community support.
